The Rebel Shadow Master

Message from Tora:

No offense, but...I'm so not interested in this manga.
The action scenes did not impress me. I can see why this
was used! Sorry, sorry for criticizing it. But if you feel
the same as me and still have this inclination to finish the
manga, I'm all for it. Please continue to read. I will wait!
I lead this team to finally finishing what my predecessors
have started years ago ("~"). I also have set up a schedule
for this series and should finish before October ("~").

Chapter 7: Two Choices

I would
hate to have
my disguise get
in the way of my
movements...

Well, even

would be more
than enough for
someone like
you.

You're
not going to
hide your face
anymore?

planned for an
advantage?

What's wrong?
You can't shoot
anymore?

You aren't
using it because...
you can't.

Did I hit the
mark? You can't
use your shadow for
control, can you?

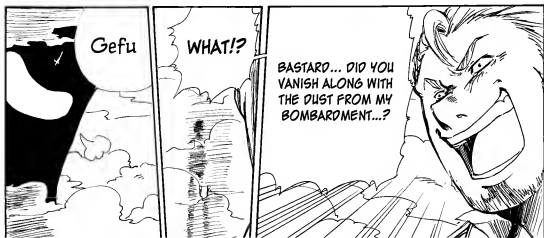

Yourself?

Or your comrades?

Yes,

be right,

about the
both of us.

the names of
that soul.
